SUMMARY OF EXAMINER INTERVIEW

Applicant wishes to thank the Examiner for the courtesy of the interview with Applicant's representative, Mr. Curtis Huffmire on July 31, 2008. The Examiner and Mr. Huffmire discussed proposed amendments to the claims. The proposed amendment was discussed in the context of Claim 29. During the interview reference was made to U.S. Patent Nos. 5,212,655 to Boehle and 6,697,103 to Fernandez. There was a discussion regarding how proposed claim amendments further define over the cited references. The Examiner indicated that further search and consideration was needed to determine the patentability of the newly proposed amendment. In the present amendment and RCE, Applicant has presented many of the proposed claim features discussed during the interview in the context of new independent Claim 40.
